

FEED YOUR INTELLECTUAL FIRE.

SMALL CLASSES. ENLIGHTENING PROFESSORS. THE HEAT IS ON!

You can't hide here – most of our classes have no more than 20 students. You'll know your professors and they'll know you. Our faculty are experts in their fields – and at spotting (and feeding) the fire within their students.

Your professors' spirit and passion for their subjects will spread like wildfire – in the best possible way. Don't be surprised if you suddenly find yourself immersed in a subject you'd never even considered before.

Our curriculum tends to do that. Union's liberal arts core means that no matter what your major, you'll take classes in subjects like history, English, science, math, language and culture, psychology, and religion.

Think your brain can't sweat? It'll happen here.
