

FEEL THE **WARMTH.**

YOU'LL BE RIGHT AT HOME.

Imagine living with a few hundred of your closest friends. You will be, in our three traditional residence halls or campus apartments. Residence halls are crackling with popular activities like movie nights and costume parties.

Our dining hall serves up lots of options to fuel you. Conversations Coffee Shop is the spot on campus for your Starbucks fix. And you'll find everything from snacks to live music at the Café on the second floor of the Campus Center.

Right next door is the Game Room – billiards, ping-pong, video games, and board games are waiting for you. There's even a campus lake for fishing and paddling.
