UNION COLLEGE PAYMENT PLAN TERMS AND CONDITIONS

Plan enrollment is accomplished by completing, signing, and returning the attached application to the address listed with the 1st payment and enrollment fee prior to the 10th of the month in which your enrollment begins.

Budget Amount/Payments. Only tuition & fees, and room & board charges may be used when calculating the contract budget amount on the application. The total budget amount is payable in 12 or 6 equal installments due on the 10th of each month, beginning in May, preceding the academic year in which costs are budgeted. **It is the student's responsibility to know when payments are due and to pay on time even though a monthly payment plan bill may not have been received. In no case will the enrollment period extend past the final due date.**

Fees and Other Charges. The Enrollment fee is non-refundable. It must be included with your application for enrollment to begin. A service fee of \$50 will be imposed for any check returned by the bank. All additional fees assessed will be deducted directly from your payment before funds are applied on your student account.

Failure to Pay. In the event of failure of a participant to pay any installment within 10 days of the date, you will be notified of your delinquency. If full payment is not made within 10 days of the notice of delinquency, you will be terminated from the plan. **The entire unpaid balance on your student account at Union College is payable in full immediately or will be turned over to a Collection Agency and by signing this application I agree to pay all collection costs.**

Changes in your Budget. Changes in your budgeted amount may be made at anytime during the contract period by calling Union College. We will handle refunds of any overpayments through the normal refund procedure.

LET US MAKE TUITION PAYMENTS INTEREST FREE---WORRY FREE

Let's face it, it isn't easy to pay for education. We can help make it easier through early enrollment. Union College is pleased to offer an interest-free Payment Plan to help students and parents make their education affordable.

This plan permits for payment of tuition, fees, room and board in monthly installments and it is interest free.

Normally, full payment is due the first day of class, but through the plan the cost can be spread over time. The budget amount is determined by calculating total expenses less any funds to be credited to the student invoice.
